STAT

Thank you for your letter of June 27th. My apologies for not being able to make contact with you over the phone. I tried once or twice, in the evening after returning from negotiating sessions on the Hill concerning the Civil Service Reform bill. In any event, thank you for taking the trouble to put the issues down on paper.

Currently, I do not know what the timetable will be on the Special Prosecutor bill. We will be attempting to move it along. Before we get much further, I will schedule a meeting for you or whoever on your staff is relevant, with other people working on the matter to resolve the issue.

Sincerely,

Simon Lazarus  
Associate Director  
Domestic Policy Staff
